Needs survey for the long-term training “Universal Health Coverage (UHC) Program”

Japan International Cooperation Agency (JICA) Vietnam Office would like to express its deepest appreciation for the invaluable support and understanding Ministry of Health (MOH) has extended to the Office.

In Japanese Fiscal Year 2026, Vietnam is considered to have **one slot** for the long-term training program “Universal Health Coverage (UHC) Program”, which is JICA’s Knowledge Co-Creation Program. Fujita Health University, offering the following courses, is a Japanese university and is to accept maximum one (1) Doctoral Course in Medicine, or (1) Master’s/Doctoral course in Health Sciences (Nursing) from Vietnam. In order for us to consider and prepare for the program, we would appreciate if you could notify us the needs of Vietnam for the above courses and which course should be prioritized by July 21, 2025.

Please kindly refer to URL below describing brief summary of the 2 courses and attached document.

Doctoral Course in Medicine, Graduate School of Medicine

Doctoral Course in Medicine, Graduate School of Medicine | Fujita Health University

Master’s, Doctoral course in Health Science (Nursing)

Master’s Course, Major in Health Sciences, Graduate School of Health Sciences | Fujita Health University

Doctoral Course, Major in Health Sciences, Graduate School of Health Sciences | Fujita Health University

(fujita-hu.ac.jp)

Please be reminded that this is only a preliminary hearing, thus it is NOT guaranteed that your selected course is allocated to Vietnam.

JICA Vietnam Office would like to appreciate the Ministry of Health again for the continuous support provided to the Office.

Hanoi, July 11th, 2025
JICA Vietnam Office

IMANARI Yuriko
Senior Project Formulation Adviser

To: **- International Cooperation Department, Ministry of Health**

Field Table, Graduate School of Medicine

Course		Doctoral Course	
Graduate School Name		Graduate School of Medicine	
Major	Medicine		
Fields	Basic Medicine	Clinical Medicine Internal Medicine	Clinical Medicine Surgery
Developmental Neurobiology	Respiratory Medicine	Orthopedic Surgery	Orthopedic Surgery
Biomedical Molecular Sciences	Cardiology	Advanced Endoscopy	Orthopedic Surgery Restorative Medicine of Neuro-Musculoskeletal System
Molecular Oncology	Advanced Endoscopy	Gastroenterology I	Spine and Spinal Cord Surgery
Molecular Pathology	Gastroenterology I	Gastroenterology II	Rehabilitation Medicine
Virology	Internal Medicine and Regional Medical Care	Rheumatology	Ophthalmology
Physiology	Internal Medicine and Regional Medical Care	Radiology	Otolaryngology / Head and Neck Surgery
Neurophysiology	Rheumatology	Diagnostic Radiology	Gynecology
Biochemistry	Radiology	Radiation Oncology	Obstetrics and Gynecology
Pharmacology	Diagnostic Radiology	Diagnostic Pathology	Obstetrics and Gynecology/Developmental and Pathological medicine
Public Health	Diagnostic Pathology	Clinical Nutrition	Urology
Preventive Medicine	Clinical Nutrition	Pharmacotherapeutics and Informatics	Anesthesiology and Critical Care Medicine
Microbiology	Pharmacotherapeutics and Informatics	Endocrinology and Metabolism	Anesthesiology and Pain Management
Legal Medicine	Endocrinology and Metabolism	Internal Medicine and General Practice	Medicine
Medical Education	Internal Medicine and General Practice	Nephrology	Anesthesiology and Resuscitology
Medical Education Research and Development	Nephrology	Neurology and Neuroscience	Dentistry and Oral-Maxillofacial Surgery
Medical law and ethics	Neurology and Neuroscience	Neurophysiology	Clinical Regenerative Medicine
Neural and Tumor Signal Analysis	Neurophysiology	Pediatrics	Gastroenterological Surgery
Molecular Genetics	Pediatrics	Dermatology	Neurosurgery
Therapies against Intractable Diseases	Dermatology	Hematology	Pediatric Surgery
Systems Medical Science	Hematology	BMF and Cellular Therapy	Gastrointestinal and
Biomedical Data Science	BMF and Cellular Therapy	Acute Care and General Internal Medicine	Hepato/Pancreato/Biliary Surgery
Behavioral Neuropharmacology	Acute Care and General Internal Medicine		Advanced Robotic and Endoscopic Surgery
Tumor and Gene Regulation			Surgery and Palliative Medicine
Cellular Immunotherapies for Cancer			Surgery
			Breast Surgery
			Cardiovascular Surgery
			Thoracic Surgery
			Minimally Invasive Thoracic Surgery
			Vascular Surgery
			Transplantation and Regenerative Medicine
